You can access many of these readings either through the internet or via the K.U. libraries website. Go to the library home page then to E-Journals. All readings, except those found on a website, are also in a gray binder on reserve in the JRP Learning Resource Center on the 1st floor. Additional readings for February 12th are all from the same issue of the Psychotherapy Networker. Please let me know if you have difficulties locating the readings.

***Many thanks to Dr. Jim Lichtenberg for his assistance with readings and course content!
